To begin the meeting we will open with a discussion of anything that has happened since our last meeting in December.

Southwest Transit Association and National Center for Mobility Management have teamed up to give us a presentation about mobility management and also how coordination, conversations, and cooperation, can create a more robust, successful, and accessible transit agency!

With the time left after this meeting, I'd like to give a chance for anyone to bring up and issues or suggestions - our next meeting will be in August - are there any ideas of what the group would like to discuss for that meeting

An opportunity to discuss any changes, projects, or anything of importance that was perhaps missed during the meeting.
